

## VACUUM/HYDRAULIC

### SERVO

make .....Lockheed  
type .....2 x 50 (tandem)

### VACUUM SOURCE

petrol engines.....belt driven exhauster  
diesel engines.....gear driven exhauster  
reservoir capacity .....5 litres

### EXHAUSTER

make .....Clayton Dewandre  
type .....rotary vane  
capacity .....95cc

### MASTER CYLINDER

make .....Lockheed  
type .....tandem, with integral reservoir and  
fluid level indicator  
diameter .....27mm  
stroke.....40,6mm

### BRAKES

Front S46, S56 haulage

make .....Lockheed 4 x 46M  
type .....4 pot opposed piston fixed caliper  
brake disc .....300mm dia. non ventilated  
pistons.....4 off x 46mm dia.  
pad material .....Don 7250 or Ferodo 3422  
(min. pad thicknes 4mm)
